Love Golf?

Then you probably have a pile of golf logs lying in a drawer somewhere already. Why not use a golf log book so you can have every game you play at your fingertips. You can track putts, strokes, bunkers, best shots and pretty much anything else you want to know with this journal.

By tracking your results on each hole, you can see how much better you are playing (or worse!) and then crush your friends the next time you play a round. Make secret notes about hole seven or blame your score on the wind that day.

No matter what your log book has you covered.

### **About My Golfing Log Book**

Blank Book Billionaire is the creative force behind many different types of blank books or utility books as some people call them. They focus on creating books that help people express themselves or simply keep track of things. The sky is the limit for what you can create with these blank books. Not all the books are blank, of course. There are lined journals, gratitude journals, travel journals, pregnancy journals and many others. Some have prompts while others have sections that are designated for specific information. Our mission is to provide you with every type of blank book you might need. If they don't have it now, they will soon. Journaling is their passion and hope to inspire people to make it a part of their daily life. Essentially journaling to them is the act of writing down everything a person wants to remember or reference back to. Whether that is emotions, life events, recipes, pregnancies or your to do list, writing it down is the most powerful way of ensuring it never gets forgotten. What you can do with a blank book is only limited by the amount of imagination you put into it. Make it a diary, a meal planner, a diet journal or just doodle in it. The point is to get one or seven and use them. Make life easier by unleashing the hidden power of a blank book.
