## Recommendations:

### Review quote

"With stunning images of Wearstler's never-before-photographed interiors, "Rhapsody: Kelly Wearstler ""is an inspirational look at one of the most irreverent and fascinating designers working today." "chictip.com""The book and her work is interesting on every page. Even when it scares me a little bit, which it does a few times in "Rhapsody". The book is about contrasts and balance, the raw vs. the refined, graphic lines vs. sensuality, minimalist

organic modernist vs. the gaudy luxury of the 80s, it's about simplicity vs. explosive complexity, sleekness vs. layered texture." "sketch 24""This latest book follows the trendsetter behind the scenes, from creating sculpture at her metal foundry to revealing the myriad inspirations that fuel her dazzling residential and hotel designs."" Daily News Los Angeles". "the book has a lot eye-candy for Kelly's fans. Everything we love about her vibe: daring scale interplay, brave color mixes and curious vintage finds. Did I mention a LOT of creative inspiration?" " Design Apothecary""Rather than playing it safe with the usual suspects like Belgian linen and mahogany, she favors textured skins, loads of leather, tough metals and exotic stones. The projects featured in her book--all previously unpublished--share a refreshing libidinous quality." "Wall Street Journal" "With stunning images of Wearstler's never-before-photographed interiors, KELLY WEARSTLER: RHAPSODY is an inspirational look at one of the most irreverent and fascinating designers working today."
