Overview:

Jean Liedloff, an American writer, spent two and a half years in the South American jungle living with Stone Age Indians. The experience demolished her Western preconceptions of how we should live and led her to a radically different view of what human nature really is. She offers a new understanding of how we have lost much of our natural well-being and shows us practical ways to regain it for our children and for ourselves.

Additional Information:

About Jean Liedloff

Jean Liedloff practices and teaches psychotherapy based on the Continuum Concept, She lectures and broadcasts in many countries where her views have earned a substantial following. She is living in California.
